RCBFA President's Message 2026

Our local history and permanent settlement revolved around the brief Rock Creek Gold Rush of the 1860's, the mining and smelting activities of the 1890-1900's and the ranching activities established to raise beef to feed those miners and their families. The smelters are now strange looking hulks, the remnants of placer mines are only visible if you know where to look, but several ranches still are active. Some are still operated by the same families that started them over a century ago!

Our theme this year is Gold Pans and Cattle Brands. The true legacy of those Gold Pans and the Cattle Brands is the Golden community spirit that is our Brand in Rock Creek and the surrounding communities. The Rock Creek Fall Fair embodies that sense of pride as local residents support it by volunteering, exhibiting and attending our wonderful fair.

I look forward to seeing lots of theme related displays and entries at our fair this fall, and I wish you a wonderful time preparing them for the exciting weekend!

Sincerely,
Dean Corbett
President
