Vendor Economic Impact Survey 2026

As a non-profit, community-driven organization, our Fall Fair depends on more than just ticket sales; it relies on the generous support of donors, sponsors, and provincial grants.

To keep our gates open and our traditions alive, we must prove the economic impact our event brings to the region. Granting agencies and sponsors look for specific data: How many hotel nights do we generate? How much do our vendors spend locally? What is the total "footprint" of our fair?

We REQUIRE your help to tell this story. By completing the attached Economic Impact Survey, you provide the "hard numbers" required for us to secure the funding that keeps our event affordable.

Your Privacy Matters: All data is collected anonymously and reported only as a combined total.

Fees & Rates: This data is not used to determine vendor fees; its sole purpose is to help us land the grants that prevent fee increases.

Submission Deadline: September 30, 2026
